## SPECIAL SERVICE OF INTERMISSION AT CRYSTAL.

The President's proclamation of today, October fourth, as a day of prayer and intercession for our country, does credit to him and the American people. It breathes the true Christian spirit and it fully abstains from suggestion of a breach of neutrality. It is of this we must all take the most care. The prayers that follow must not be for the one or against the other. The President is very happy in cheer and in scope. "That over-riding counsel of men, setting forth the things they cannot do or alter, taking pity on nations now in the throes of conflict, in His mercy and good showing a way where men have seen none (Almighty God vouchsafe His children peace and grace again, and restore ones that concord among men nations without which there be neither happiness nor friendship, nor any wholesome of toil or thought in the world, praying also to this end: He forgive us our sins, our weakness of His holy will, our foolishness and many errors, and lead us in the paths of obedience and vision and to thoughts and counsels that purge and save."

We venture to say that no American state paper was ever so happily conceived and executed than this, and that no which President Wilson take in this world crisis will be more appropriate than

hope that the American will very generally participate in this act of service to the President invites them to do so. We are not unprecedented—we ask them to make the assertion—central and wholly unimpaired to take so seriously to a war among other nations, as formally to be hidden to by its chief executives. If President Wilson has set a salutary precedent. The thought Americans to read that we have our part to play in this world tragedy and to behoove us to play that part.

A sensible of our great reality and realizing the power of corporate prayer to Almighty God, the ministers of the Gospel, Hickman, bid the people of Hickman and vicinity to unite with us this day of prayer and intercession for peace and to this special united service of prayer will be held at the Crystal on Sunday afternoon, October 4, at 2 o'clock.

### PROCLAMATION OF THE PRESIDENT.

Whereas, great nations of the world have taken up arms against one another and war draw millions of men into battle when the counsel of statesmen have not been able to save from the terrible sacrifice;

And Whereas, in this, as in all things, it is our privilege and duty to seek counsel and succor of Almighty God, humbling our selves before Him, confessing our weakness and our lack of any wisdom equal to these things;

And Whereas, It is the especial wish and longing of the people of the United States, in prayer and counsel and friendliness, to serve the cause of peace;

Therefore, I, WOODROW WILSON, States of America, do designate SUNDAY, President of the United States of America, do designate Sunday, the fourth day of October next, a day of prayer and supplication, and do request all God-fearing persons to repair on that day to their places of worship there to unite their petitions to Almighty God, that overruling the counsel of men, setting straight the things they cannot govern or alter, taking pity on the nations now in the throes of conflict, in His mercy and goodness showing a way where men can see none, He vouchsafe His children healing peace again and restore once more that concord among men and nations without which there can be neither happiness nor true friendship nor any wholesome fruit of toil or thought in the world; praying also to this end and that He forgive us our sins, our ignorance of His Holy willfulness and many errors, and lead us in the paths of obedience to precepts of vision and to thoughts and counsels that purge and make wise.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done at the City of Washington, this eighth day of September in the year of our Lord one thousand nine hundred and fourteen, and of the independence of the United States of America, the one hundred and thirty-ninth.

### News Snapshots Of the Week

The great war in Europe continued with fierce fighting on all sides. Hospitals in all cities near the scenes of action were crowded with wounded, and Red Cross nurses and physicians were worked to the utmost. The steamship Red Cross prepared to leave New York, carrying thirty physicians and 120 nurses to the battlefields. Much fighting was done behind hastily constructed barbed wire, wagons and other vehicles being used in the streets to check the advances of the enemy. Business of nearly all kinds was at a standstill, and the governments commandeered horses and other supplies when needed and wherever found. General Gallieni directed the French army near Paris. Pope Benedict appointed Cardinal Ferrata secretary of state, and arrangements were made to take steps to arrange for peace.

### JUDGE BUNK GARDNER.

A case in Mayfield before Judge Gardner shows what the law and a manly judge can do. A negro was arrested for having more liquor in his possession than one would likely need and led to a fine of \$50 and ten days in jail; even though the fellow said the liquor was for personal use.

The record at the express of vice showed that he had received other liquors.

Had there been a judge on the bench who was in favor of the "personal liberty" idea, he would have given the negro but a lesser benefit of the doubt rather than the law abiding citizens. Every law is weak in the hands of men who are out of sympathy with the law. The only remedy is a manly judge who will represent his constituents—American Issue.

When a man goes home with a long blond hair on his vest, his wife never stops to figure that there is such an animal as Rees' Double Doubt.

The big sensation—"The Trey of Hearts," next week.

### DIVERSIFICATION OF CROPS.

The importance of crop diversification is illustrated in a dispatch from Seguin, Texas, which reports that the German farmers, who constitute a majority in Bandrup county, are leaving their cotton without assistance from the banks. They are able to do this, it is added, because they produce on their farms nearly everything in the way of food that their families require.

There is no part of the country that is so well adapted to diversified farming as the South. The one great obstacle in the way is the large number of tenant farmers who depend upon cotton as their money crop. The farm owner and the tenant are mutually interested in the production of a sure money crop in order that the landlord may get his rent and the tenant may get his living. Past experience has shown that cotton is most dependable for the purpose. As a consequence the farmers bend their energies to the production of cotton and neglect other crops.

The same condition prevails in many parts of Kentucky with respect to tobacco. There are many tenant farmers. The tenant who has a good crop of tobacco coming on has credit at the village store. The man who owns the land knows he will get his rent when the tobacco is sold. It may be that there will not be much left for the tenant after paying his rent and his debts, but one tobacco crop scarcely is off his hands before another one is started and by the process of perpetual motion he at least continues to exist.

The one-crop system is not a good one, but tenant farming is on the increase in every part of the country. The farmer who owns and cultivates his land can and ought to diversify his crops. Under the prevailing rule there is not much hope of diversification on the part of the tenant.—Louisville Courier-Journal

### IT REALLY DOES RELIEVE RHEUMATISM.

Everybody who is afflicted with rheumatism in any form should by all means keep a bottle of Sloan's Liniment on hand. The minute you feel pain or soreness in a joint or muscle, bathe it with Sloan's Liniment. Do not rub it. Sloan's penetrates almost immediately right to the seat of the pain, relieving the hot, tender, swollen feeling and making the part easy and comfortable. Get a bottle of Sloan's Liniment for 25 cents of any druggist and have it in the house—against colds, sore and swollen joints, rheumatism, neuralgia, sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief.

An American newspaper correspondent, who marched with the German armies more than a hundred miles, and was with them for two weeks, states that the stories of shocking German atrocities upon prisoners and defenseless civilians were monstrous falsehoods. He says the German soldiers are uniformly kind and courteous and he did not see one solitary act of discourtesy, except one, and that was not so bad. He saw an extremely good looking Flemish girl hand a fine looking German trooper a flagon of beer. When the trooper had drunk the beer, he leaned over in his saddle and gave the beauty a kiss.

## N. C. & ST. L. RY. CO. HAS BOUGHT A BALE.

Agent R. B. Johnson, acting for the N. C. & St. L. Ry. Co., bought his first bale of cotton yesterday from Lake Plant. The bale weighs 185 pounds for which the pound was paid. The railroad company is trying to encourage the "buy a bale" movement and will buy three more bales in Hickman. Many other agents in the cotton belt have been instructed to buy a bale.

## NEW MANAGER ARRIVES.

A. H. Young left this morning for Union City, where he will accept a position as assistant district manager of the Cumberland Tel. Co. During his stay in Hickman as local manager of the Cumberland exchange, he made many friends. W. T. White, of Louisville, succeeds Mr. Young in taking charge of the plant this morning.

At the instance of the Y. M. B. League, a Mr. Wheeler, of Paducah, was here Tuesday making a survey of local conditions with a view to recommending measures necessary to get a reduction on our fire insurance rates. We will not know exactly the requirements until his report has gone before the state board for their consideration.

## WATER AND LIGHT PLANT HAS NEW MANAGER.

George Miltenberger, who has been associated for a number of years with the corporation, which owns the Hickman light and power plant, comes from Perry, Mo., to Hickman in the capacity of local manager of the Hickman branch.

Since O. P. Moss resigned a similar position here several months ago, this plant has been under the supervision of W. D. Skeen, with headquarters at Fulton, and Mr. Miltenberger is the first resident local manager on the job since Mr. Moss's departure. The change also relieves Mr. Skeen of the responsibility of this plant. Doyle Jurney, a Hickman boy and one of the most efficient men in the employ of the corporation, will still continue in the capacity of its assistant local manager.

Vice Pres. Moorhead, of St. Louis, accompanied the new manager to Hickman yesterday, and while making a friendly call at this office, informed us that Mr. Miltenberger had instructions to look into the local water situation. If there is any possible way to improve it, it will be done. The presence of oxide of iron in the water, although not injurious to health, has been a continuous source of provocation to the housewife and a perplexing problem to the company.

After Europe gets through with the job of killing needlessly hundreds of thousands of her very best citizens, the United States will get many thousands of the best class of immigrants who ever came to these shores. Besides wanting to get away from the chance of any further wars, the feature of escaping some of the heavy resultant taxes will be appealing.

Many a Hickman Household Will Find Them So.

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove comforting words to hundreds of Hickman readers.

W. A. Smith, Hickman, Ky., says: "I can highly recommend Doan's Kidney Pills, as I have used them for kidney trouble and have always been greatly benefited. I had pains across the small of my back and in my sides. My kidneys and bladder were weak, obliging me to get up at night. Two boxes of Doan's Kidney Pills cured me. Now I seldom have need of a kidney remedy."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Smith recommends. Foster-McMillan Co., Prop., Buffalo, N. Y.

## DISREGARD OF COURT DECISIONS

COURT LOWERS BARS ON AT-  
TEMPTS TO REVIVE OLD QUES-  
TION FOR ARGUMENTS.

### THE COURT OF LAST RESORT

Lecture Is Read To Circuit Judges—  
Will Not Entertain Appeals In-  
volving Same Question.

Frankfort.—Disregard of the deci-  
sions of the court of appeals by circuit  
judges will not be tolerated. In rever-  
sing the judgment of the Carter circuit  
court in the case of John E. Hat  
against the commonwealth, the appel-  
late court took occasion to read a lec-  
ture to circuit judges.

In this case Hat had been convicted  
of selling liquor in local option terri-  
tory, notwithstanding the appellate  
court had held in a number of cases,  
and several from that county, that  
liquor dealers selling liquor under simi-  
lar circumstances were not guilty of  
violating local option laws. Robert  
Collier, a resident of Carter county,  
sent a mail order to Hat, a liquor deal-  
er in Pattersonburg, for whiskey, which  
was delivered to a carrier in Catlett-  
burg and shipped to Collier.

The court says: "The court of ap-  
peals is the court of last resort in this  
state. Its decisions in any case is the  
law not only of that case, but of all  
like other cases subsequently arising  
in the inferior courts of the state.  
Where the law has been repeatedly and  
finally settled it is but a waste of time  
and an obstruction to the rights of  
other litigants to compel it to enter-  
tain further appeals involving the  
same question."

### Grand Lodge Meeting.

Three hundred representatives and  
probably half as many visitors will  
attend the Kentucky grand lodge meet-  
ing of the Knights of Pythias and the  
Pythian Sisters here Tuesday and  
Wednesday, October 6 and 7. The ses-  
sions will be held in the Capital the-  
ater, with an open meeting commencing  
at 11 o'clock the first morning. A  
feature of this occasion will be the  
appearance on the stage of 90 children  
from the Pythian home at Lexington,  
who will sing. Assistant Atty. Gen.  
Logan will welcome the representa-  
tives in behalf of the local fraternal  
organization. Mayor Rupert will wel-  
come them to Frankfort, and Col. Noel  
Galnes will deliver the address in be-  
half of Dexter Lodge No. 54.

### Reserve 700 Miles in Length.

A forest reserve seven hundred  
miles in extent, including all of  
Dane Mountain and the Pine Mountain  
"faul", a section of Harlan county  
north of the mountain and portions of  
Leslie, Letcher and Clay, has been  
recommended to the Government For-  
est Service by the reconnaissance crew  
which has been engaged in Eastern  
Kentucky all summer, according to a  
letter received by State Forester J. E.  
Horton.

The crew also will recommend a  
federal forest reserve of about 50,000  
acres just west of the coal measures  
on the border of the Blue Grass. The  
area will comprise about 450,000  
acres.

### Personal Injury Award.

A verdict of \$1,500 damages for per-  
sonal injuries returned in the Katell  
Circuit Court in favor of W. H. Cox  
against John B. Carter & Co., was af-  
firmed by the Court of Appeals in an  
opinion written by Judge Miller. Cox  
was injured while working with a well  
drill. A verdict directed by the Lewis  
Circuit Court in favor of the Ches-  
apeake & Ohio in the suit of J. L.  
Truesdell was affirmed in an opinion  
by Commissioner William Rogers.  
Clay. Truesdell was section hand and  
was injured by the rebound of a rail.

### Puzzled by "Bug" Visitors.

Millions of yellow moths, not yet  
named by Frankfort entomologists, in-  
fested every portion of Frankfort.  
Whence they came and where they  
were going no one seems to know.  
Houses and fronts of stores along  
Broadway, where bright lights are  
burned, were literally covered with  
the insects. Buildings in the vicinity  
of Broadway and Ann streets were  
coated with a whitish mass of eggs  
three inches in thickness.

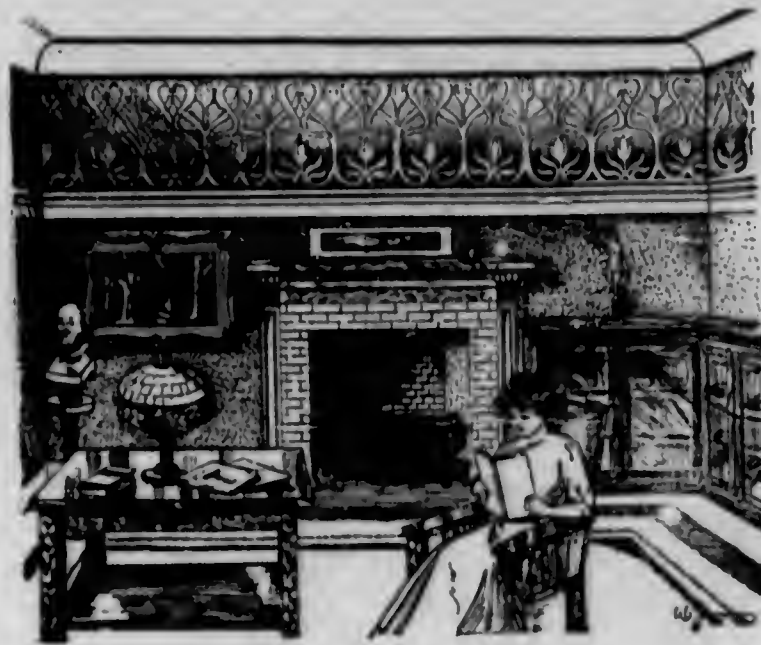

### Select Depository.

Judgment of the Kentucky Circuit  
Court refusing an injunction to James  
A. Stephens, treasurer of Ledlow, a  
fourth-class city, to restrain the city  
council from enforcing an ordinance  
involving bids from depository of city  
funds was affirmed by the Court of  
Appeals, which said the council has  
authority to select the depository.

### Program Completed.

Arrangements for the entertainment  
of the United Daughters of the Con-  
federacy of Kentucky here October 14  
and 15 contemplate among other  
things a public reception to be given  
in their honor by the governor at the  
Mansion the night of October 14,  
marking the opening of the Capital  
social season; a large party to be  
given on the Kentucky river the after-  
noon of October 15 by the Sons of the  
Confederacy; and a historical night to  
close the session in the rooms of the  
State Historical Society.

### FRANK DIETZEL GUILTY. SENTENCED TO DIE NOV. 20.

After having the case all night,  
the jury Saturday morning in the  
case of the state vs. Frank Diet-  
zel, on trial at Union City, charged  
with murdering "Choppy"  
Wehman on July 11, last, came  
into court and returned a verdict  
of murder in the first degree  
with mitigating circumstances.

Judge Joseph E. Jones Tues-  
day morning passed sentence of  
death upon Dietzel. November  
20 was fixed as the date of elec-  
tracution. The case will be ap-  
pealed to the supreme court.

Attorney General Caldwell en-  
tered himself with honor and then  
collapsed from heart trouble at the  
courthouse, when by his argu-  
ment before the jury brought  
to the surface the weak points of  
the defense and scattered them  
with jeers and taunts before  
him. The substance of this argu-  
ment was that though the fami-  
ly of Frank Dietzel had come  
to his aid with loving fortitude  
to testify an alibi for him on the  
night he is alleged to have killed  
"Choppy" Wehman, no attempt  
was taken to explain the most in-  
criminating evidence against him  
—the hiring of the death buggy.  
The money suddenly acquired by  
him following the murder, the  
bloody lap robe in the buggy  
and his secret companionship  
with the poor painter, whose  
body was found in an old, aban-  
doned well two miles west of  
Union City.

The attorney general's argu-  
ment was so forceful as to be al-  
most brutal. He did not attempt  
to draw on the sympathy of his  
great audience, who applauded  
him much before the court could  
stop it, or on the jury. His only  
reference to the daughter of the  
murdered man, who sat mute and  
pale, watching patiently, was to  
point her out to the jury with a  
few pitying words.

Mr. Pierce, for the defense, on  
the other hand, drew largely on  
the sympathy of his audience in  
referring to the family of the  
defendant. Many wept. His  
speech consumed the greater part  
of the afternoon and struck a  
most tragical note.

The family of the defendant,  
on whom the long strain of the  
trial showed, sat with him, how-  
ed with grief. Miss Wehman,

Is it in a sound and reliable com-

who sat on the opposite side of  
the courtroom, broke down only  
once, when Mr. Caldwell pointed  
to her during his argument as  
the only one on earth who loved  
the poor painter, her father.

Dietzel was not called to the  
stand for reasons best known to  
his counsel.

## SON NEELEY SENT UP FOR SEVEN YEARS.

Sam Son Neeley, the negro who assaulted Mrs. Noah Mansfield, a white lady, about the middle of July, was sentenced to seven years in the penitentiary by Judge R. B. Platt in circuit court at Fulton Tuesday.

The negro submitted his case on the charge of detaining a woman, plead guilty and was given the above punishment. He has been in jail at Mayfield, the officers sporting him away from Fulton one Sunday night when informed there was danger of a mob coming from Hickman. The crime occurred one Saturday night a few miles below Hickman, when no one was at home except Mrs. Mansfield and her baby. By desperate effort she thwarted the negro in his purpose.

Because it might seem like he was taking advantage of the present extraordinary situation to gain some personal advantage, President Wilson sent a letter to the New Jersey Democrats declining a second term endorsement. Friends say that does not mean that he has decided not to accept the nomination, but that future events will determine his stand.

Capt. T. H. Barton, of Palmerton, Fla., arrived here yesterday to visit his brother, W. T. Barton and Hickman friends. Mr. Barton is very enthusiastic about his new home — especially the climate. He says the summer was delightful and never over 92.

A box supper will be given Saturday night, Oct. 31, at Jordan school house by the pupils and patrons of the school.

Mrs. Thomas Grissom and children spent Sunday and Monday with her father, Lave Baker, at Clinton.

COTTON BACK TO 8c.  
SEED COTTON \$2.25 to \$2.40.

The cotton market is again down to its low water mark and the outlook is anything but propitious. At Memphis there was a decline of one-eighth of a cent yesterday, bringing the price on the day to an even eight cents. St. Louis quotes 7 1/2c; Galveston 7c; Houston 7 1/2c.

Local gins, we understand, are offering from \$2.25 to \$2.40 for seed cotton—the lowest figure offered this season. Even at this price some of the cotton men say they are not anxious to buy. Those buying on account are paying around 10c for lint cotton of the best grade, which is a little in excess of the cash offering.

During the fair, open weather of the past few days, an immense amount has been picked, and some of the local gins are running night and day. One of these has reduced the price of cotton ginning to 50c.

Whether prices rally in the near future remains to be seen. Much, of course, depends upon developments in the European war. For ten days the warring nations have been in line, seemingly for a decisive engagement, but as a whole, it might thus far be termed a draw, neither side gaining any decided advantage.

CAR TURNS TURTLE.  
LINDSAY JACKSON HURT.

L. F. Jackson, of Clinton, was seriously injured Tuesday afternoon on the race track at the fair grounds when his Ford machine turned a complete somersault, while speeding around the course. The machine after sliding and slipping turned turtle and went against a fence, badly wrecking the machine and bruising up the driver, Mr. Jackson. His collar bone was fractured, a gash cut in his head, knee injured and many other bruises inflicted. He was taken to the office of Dr. John Dismukes where the injuries were dressed. In the machine when the accident occurred were Mr. Jackson's small child and a colored nurse. Mrs. Jackson and the smaller child remained out of the machine saying that they did not care to make the ride. It is miraculous that no one of the occupants of the machine were injured except Mr. Jackson. Two quarts of whiskey and two quarts of gin, said to have been in the auto, were not broken in the smashup. Mr. Jackson is said to conduct a barber shop in Clinton. Mayfield Messenger.

Mr. Jackson is well known in this city, having established the D. K. barbershop and worked in it up to last year.
